DISCLAIMER: *None of this information is in any way an attempt to prognosticate, diagnose or prescribe the use of our products as a cure or treatment for any disease illness or condition. The eXfuze website, its content, such as text and other audio-visual material contained on the site, and any information or material posted on the eXfuze site by company officers, company employees, independent distributors, other third parties (or forwarded to you by a friend) are provided for informational purposes only. None of the foregoing is to be construed as a substitute for professional medical advice, examination, diagnosis, or treatment by a licensed physician or health care professional. As with many nutritional products, we issue the same standard precaution that this product should not be taken by pregnant or lactating women unless recommended by their doctor. Always seek the advice of a physician or other qualified healthcare provider with any questions you may have regarding a medical condition. Never disregard professional medical advice or delay in seeking it because of something you have read on the eXfuze website or received from an eXfuze distributor. If you think you may have a medical emergency, call your doctor or 911 immediately. These statements have not been approved by the FDA.
